Brother Stanton

You see the game – a special meeting of the Ct. A. S. Society – Geo. Benson, rather W. L. Garrison at the bottom of it – to forestall discussion & get the abolitionists to commit themselves beforehand against a third party. Well, you must meet it. You, & Leavitt, & Birney must be on the ground to discuss the matter. If you think best we will send Lee to help you. Myron Holley & Alvan Stewart should be there + will you write them? Depend upon it, it is of vital importance, as they say, to "nip" this "in the bud". Are you & Birney both coming on to address the Ladies society the last monday [illegible] in Dec? Don't fail to do it. Please let us hear from you soon. What is to be the plan of the campaign?

Yours truly

A. A. Phelps.
